

the YOUNG FAMILY

MISSIONARIES TO RUSSIA

August 2021

Many English camps were closed this summer, but this one was open, and we were the special guests.

This is Stas the main leader of the football team, please pray for his salvation!

Dear Pastor and Praying Friends,

Sports Outreach in Full Swing

I have been coaching American Football off and on for 12 years. In Russia right now, outdoor sports are being allowed. Through this outreach we have seen people saved on the team and people I met through the team. The first time I renewed our residency, the football team was key in allowing us to do so. Every year we attract new players which gives me new people to witness to all the time. However, I am very burdened for many who have been on the team for years and are not yet saved. Please pray for the leader of the team Stas Obyxhov. Stas is an incredible leader who I feel that if God would convict his heart, much of the team could follow his example. We have also made friends with people from all over Russia, and witnessed to

them through this opportunity. For example, Anton from Tula asked me for coaching advice. After he was done with his questions, I asked if he was going to Heaven or not. I explained the Gospel to him. Please pray for Anton, he needs to be saved!

Visiting Summer English Camps

For years now we have accepted invitations to participate in English Camps around the city, which gives us the opportunity to meet new people. Many camps have been stopped because of Covid, but we were able to visit one this month. Please pray for us to see more fruit from this outreach.

In Christ,

Bro. Adam Young
