June 21, 2021

Dear Pastor Menjivar and praying friend,

Shortly after sending out our last prayer letter Costa Rica had a record surge in COVID-19 cases. The rapid increase in infections stressed our public health system, reached 100% of its capacity. This surge has had a tremendous impact upon the churches as well as the economy. We have had several families impacted physically and financial by this wave; however, God has prevailed once again. The CDC issued its highest alert level, advising individuals not to travel Costa Rica.

Once again, strict requirements were imposed on us by the Costa Rican government, causing us to limit our services in person. We have transitioned once again to online services. It has been particularly annoying with all the activities that were being planned with VBS and our 30th anniversary in July. Like many others, we are making the appropriate adjustments and continuing ministry activities insofar as we are permitted.

Please continue to please for the following:

- **Norma's Health**
- **Building Expansion**
- **Anniversary / VBS**
- **Radio and Live - Streaming**
- **Trips to El Salvador / Nicaragua**

The Lord has continued blessing during over these past two months with souls being saved and visitors. Our on - line services and prayer connection have increased considerably. The financial aspect of our ministry continues to maintain our commitments to our missionaries and the financial responsibilities of our daily operations. Praise the Lord!

We do not take it lightly your prayer and financial support of our family and ministry. Please extend our gratitude to your people for their generosity and sacrificial giving in helping us to reach souls for Him.

Your friend and servant,

Edward S. Bordell

Finally, brethren, pray for us, that the word of the Lord may have free course, and be glorified, even as it is with you... — II Thessalonians 3:1
